The Story Till Now

Past Outline

Ana was a normal every day high school student, until she was hit by a reckless driver. When she opened her eyes, she met Ru, who brought her to a huge school where a trial where she could possibly be revived was unfolding. There, Ana witnessed a disturbing scene and saw the perpetrator at school the next day. The two had conflicting opinions from the start, and are now forced to become partners to take the test together.

Characters

Kurata Ana
High school student that was hit by a truck. She is highly adaptable and has a competive spirit, however she is reckless

Ru
The angel in charge of Ana. He cannot be seen by other students, only Ana. Always seems to be lacking the motivation to do anything

Kiryuu Shinobu
Was forcibly decided as Ana's partner. Is very blunt and quarrels a lot with Ana. He is also somewhat mysterious.

Nakatsu Ryousuke
Ana's classmate and Shiho's partner. Tends to have a sarcastic personality sometimes, and for some reason is always worried about Shinobu

Arisaka Shiho
Easy to get along with, good-natured personality. She is living in the dorm room next to Ana's. She is also Ana's classmate
